

As part of its ongoing development, the academic and scholarly journals of the Philippine Normal University (The Normal Lights, Asia Pacific Higher Education Research Journal, and The AsTEN Journal of Teacher Education) would like to invite interested professionals to contribute into its research network by joining us as a part of reviewers committee. The Journal is seeking reviewers who can provide constructive analysis of papers, thus enhancing overall reputation of the Journal. If any expert is interested in participating the review process, we highly encourage you to sign up as a reviewer for our Journal and help us improve our presence in domain of your expertise. Appropriate selection of reviewers who have expertise and interest in the domain relevant to each manuscript are essential elements that ensure a timely, productive peer review process. As a reviewer you would receive a certificate of International Review Board membership (after a year) and become eligible for the journals' Reviewer of the Year award.

The main duties as a member of the Reviewers' Committee will be to review papers submitted to the Journal, submit papers, timely communicate with the Editorial Staff staff and Editors, provide timely review comments, review at least one paper/issue relevant to his/her area, recommending new reviewer committee members, suggesting topics improvements, and disseminating the Call for Papers.

Benefits of Reviewers:

Concessions in Manuscript Registration.

Collaboration with an international editorial team;

Mentoring authors working in an international expertise environment;

Participating in processes to improve editorial work;

Joining a professional community dedicated to improving publications;

Meeting and working with other experts in a similar field;

Publishing with the journals' staff members.

Candidates must be able to demonstrate that they:

- Have a relevant academic degree
- Have a good command of oral and written English
